

CYCLING HISTORY PUBLISHING LTD

Publications – March 2024

Cycling History (Publishing) Ltd was formed in 2012 to take on the publishing area of the Cycling History and Educational Trust's work.

Its first publications were the International Cycle History Conference Proceedings covering the Conferences held from 2010 to 2014.

The Company is now focusing on making available material from the Trust's collection as well as archives or rare publications held by private individuals. This will enable them to be made accessible to readers and researchers.

The Company has also made available some of the films which have been digitally preserved by the Trust.

The Company is always interested in hearing from individuals who have a book they would like to have published
